VIII. RESOLUTIONS

A. CONSIDERATION OF A RESOLUTION TO SUPPORT AND PARTICIPATE IN THE WYOMING SMART CAPITAL NETWORK

The City joined the network program in 2013 to help small businesses with funding opportunities. The program started with Evergreen Federal Funds from the US Treasury from the Small Business Jobs Act of 2010. The funds were designed to create jobs by helping small businesses gain access to capital funds. Administrating the funds individually was time consuming and complicated. Seventeen municipalities joined together to form the Wyoming Smart Capital Network to bring this capital resource to their communities. With the Treasury's oversight ending, the entities have the ability to continue in the program or exit out of it. The City itself does not receive any direct funding from the program, but by participating it will give an additional potential funding opportunity for local small businesses.

Suggested Motion: I move to approve the resolution and amendments to the Services Agreement with the Wyoming Smart Capital Network to administer the Small State Business Credit Initiative.
