Preparation Date: May 24, 2018	Department: Public Works
Meeting Date: June 5, 2018	Department Head: Mark Westenskow
	Presenter: Mark Westenskow

Subject:

Rejection of Bids for a 2018 Chassis for a Sewer / Catch Basin Cleaner Truck.

Background/Alternatives:

The Bid Opening for the 2018 Chassis for a Sewer / Catch Basin Cleaner Truck was held on April 18, 2018 resulting in three Bids. The bids came in as expected for the chassis, but the Body for the Sewer / Catch Basin Cleaner Truck came in irregular.

This truck is a specialty unit. Typically we bid the chassis and body separately as we did this time, but after review of the bids it became apparent that the truck needs to be re-bid as one unit due to the complexity of the interactions between the chassis and body. We would also like to include a trade in of our 1992 Sewer / Catch Basin Cleaner Truck as part of the re-bid process.

Attachments:

Bid Tabulation

Fiscal Impact:

\$400,000 will need to be carried over from this budget into next years' budget.

Staff Impact:

Staff will re-evaluate the chassis and body specifications and combine them into one specification. We will then re-bid the truck.

Legal Review:

NA

Suggested Motion:

I move to reject all bids for the 2018 Chassis for a Sewer / Catch Basin Cleaner Truck.

BID TABULATION - New Heavy Duty Chassis
