

# City of Green River City Council Workshop Agenda Documentation

Preparation Date: November 16,2011	Submitting Department: Parks and Recreation
Meeting Date: December 8,2011	Department Director: Allan Wilson
	Presenter: Allan Wilson

Subject: Update the City Council on programs and services provided to the youth and community of Green River.

*(NOTE: all sections must be completed for this city council workshop report to be placed on the agenda)*

---

### Purpose Statement

Update the City Council on programs and services provided to the youth and community of Green River through the cooperative efforts of Sweetwater County School District #2 and the Parks and Recreation Department.

### Desired Outcome

To give the Governing body an update on the working relationship by and between the Parks & Recreation Department and Sweetwater County School District #2 in providing programs and services to the youth and community of Green River.

### Background/Alternatives

The Parks and Recreation has developed a collaborative relationship with the School District in bringing programs and events to the community that might not have been fiscally possible otherwise.

### Stakeholder Analysis

There are several programs that are made possible to the community through the cooperative efforts of providing facilities and staffing from the Parks & Recreation Department and the School District which may not have been fiscally sound should either entity attempt to provide the service alone.

### Fiscal Impact

N/A

### Staff Impact

Minimal
