**GREEN RIVER FIRE DEPARTMENT
ANNUAL FIRE REPORT
2011**

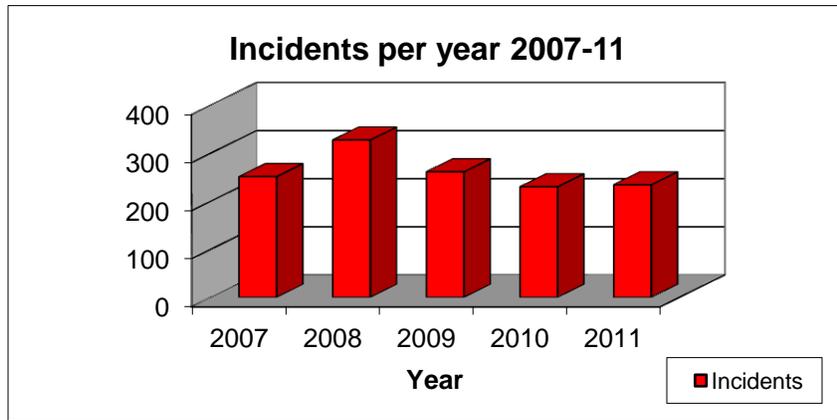

This report provides information regarding the activities of the Green River Fire Department. It contains information pertinent to the City of Green River and the patrons of the City. If you have any ideas or suggestions regarding additional information, please give us a call at Fire Station 2 at 872-0545.

The Department consists of 31 volunteers and 3 full time personnel. We respond out of two stations, Station 1 at City Hall and Station 2, located at the corner of Shoshone and Hitching Post. Our equipment is comprised of three pumpers, one pumper rescue, one quick attack rural rescue, one 93' ladder platform Aerial Truck, one Hazardous materials response trailer, one antique 1946 Fire Truck, four suburban's; one for the Fire Chief, one for each of the Assistant Chiefs and the fourth that is used to transport personnel to fire schools and emergency calls and for the response of the technical (rope-high angle) rescue response group.

Fire incidents for 2011 show a .022 increase in total incidents. The total Green River Fire Department's year-end report shows 234 incidents compared to 229 incidents for 2010. The 234 incidents reflect responses made by the Department including structure fires, vehicle fires, rescue/emergency medical calls, gas spills/leaks, false alarms, smoke scares, police assists, and carbon monoxide alarms.

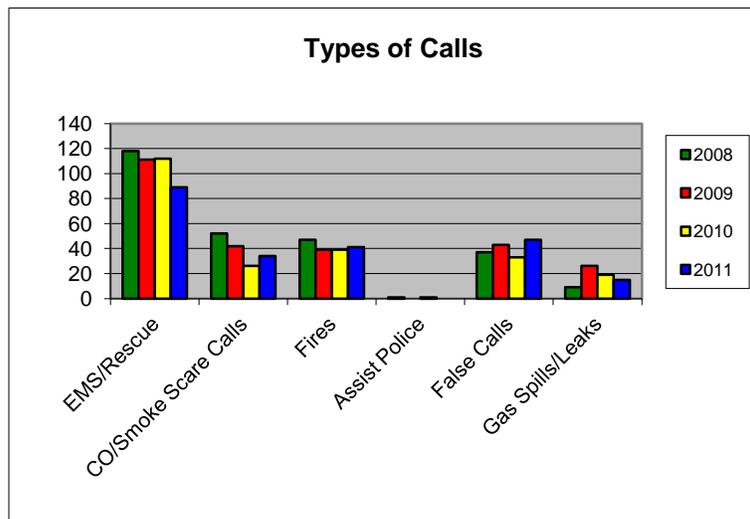

The Fire Department responds to fires in the Jamestown and Rio-Vista under a contract with the Jamestown Fire District, and Fires and emergency incidents in Sweetwater County when called for aid. The Green River Fire Department responds to aid Castle Rock Ambulance as extrication / fire protection and special service assistance at all vehicle accidents, and extreme circumstance emergencies they are called to inside Sweetwater County and Castle Rock Ambulance response area. We also have a mutual aid agreement with the town of Granger and Fire District #1.

Comparison of incidents per year from 2007-2011

The Fire Department responded to FIRES in 2011 that caused an estimated property loss of approximately \$476,170.00 with a little more than half of that amount being residential home fires. The estimated amount saved is \$502,500.00 due to the response of the fire department. Because fire is always a potential problem, the Department will continue our Fire Prevention program in our schools, churches, businesses, and service and civic organizations in an effort to lower the fire loss in the City.

Comparison of Types of Calls for 2008 to 2011

During 2011, the Green River Fire Department continued to present hands-on training with the portable dry chemical fire extinguishers; Participants included employees of Castle Rock Ambulance Service, Castle Rock Medical Center, School District #2, Western Wyoming College Employees as well as our own City Staff and local Day-care providers. In addition, we presented fire prevention programs to the residents of Mansface Terrace and Green Rock Village. Fire prevention programs were also presented to the local elementary schools, and station tours were conducted for many Scout groups, pre-school students and day care students. Several Infant Car Seat Inspection Sessions were held throughout the County.

Through these fire prevention and fire education programs the Green River Fire Department touched **4,278** people.

The Department also assisted at several events during Flaming Gorge Days, community events, Chamber activities, High School activities and helped with live fire training for other departments in the state of Wyoming.

The Green River Fire Department held 35 regular training meetings, 12 monthly officer staff meetings, 19 hazardous material training sessions, 12 rescue/high angle training sessions, 88 public relations/fire prevention sessions, 5 management training sessions, 25 Aerial Apparatus operations practices, 3 pumping/hose testing practices, 6 SCBA/CPR training sessions, 17 Ropes/Force Entry training. Live fire at the training facility, defensive driving and many other miscellaneous training sessions, along with attending regional fire training sessions. It was possible for firefighters to accumulate 281 paid calls during the 2011 year, 234 fire calls and 47 scheduled training meetings. A new recruit training class was offered through our department from January through May. This class resulted in four new firefighters joining the department.

This year we had ten people with over 200 training hours, nine firefighters with over 300 training hours. The Fire Department honored one firefighter with 5 years of service. Also honored was one firefighter with 30 years of service. We added on four new (rookie) firefighters this year. A combined total of the department we amassed a total of over **6,963** hours of documented training.

The Color Guard branch of the Honor Guard, were invited to present the colors at some of our home football games. The Color Guard also posted colors at our annual banquet again this year, this time with all of their uniforms. And still the addition of the third full time position has proven to be a tremendous benefit for the whole department. Sharing the skills of our department with other fire departments in the county, training classes, certification of the firefighters and daily operations have proven to be more efficient for all involved.

With all of the changes over the past four years, it has demanded a complete rebuild of the command structure of the Officer Corps, that appears to have been a healthy and productive venture creating a renewed commitment for some officers and a smoother and more effective operation of our department. The organizational chart is on the last page of this report.

Green River Fire Department

Mission Statement

“Through professionalism, dedication, training, and integrity, The Green River Fire Department works to protect the lives and property and to enhance the quality of life of the citizens of Green River by providing a vast range of emergency services, strong public relations, and fire prevention and safety education. We also endeavor to protect and preserve the health of our firefighters and return them safely back home to their families.”

Core Values

To Residents: To continue to serve the community and its residents with the highest quality of service possible, in a timely and professional manner.

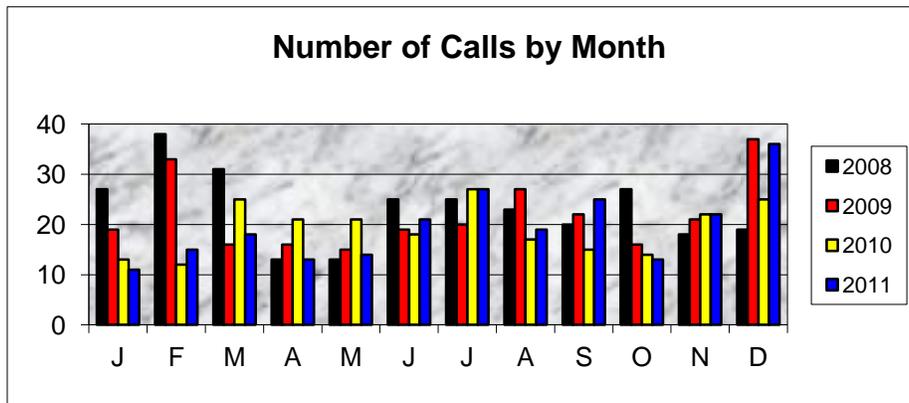

To Fire Department: To maintain pride in the Department and its members, Continue to train and educate our members, promote teamwork and organizational effectiveness.

To Each Other: We owe each other a work environment with trust and respect for one another, to ensure complete, open and honest communication at all levels in a professional and caring manner.

To Ourselves: We owe ourselves personal and professional growth, to pursue new knowledge, greater challenges, and strive to stay at the leading edge of our profession.
